Disagreements...What to do?!

Group Work: Dividing Equally

The whiteboard content is as follows:

- At the top, the word "Dividing" is written in yellow with a green plus sign (+) to its right.
- Below that, the words "- GROUP WORK -" are written in red and underlined with a green hatched line.
- Underneath the underline, the word "evenly" is written in red.
- At the bottom, there is a visual equation: a red smiley face with a red scribble over its eyes is followed by an equals sign (=) and a yellow smiley face.
- Below the red smiley face is the name "Sarah" in red, and below the yellow smiley face is the name "John" in yellow.
